We're here to help.

From this page, we'll help bring you new customers on the web. Don't forget to add a bookmark for this site!

First, **get the ball rolling** by listing your business on directories like **Google Maps** and our own Intuit Business Directory. People use these to find businesses like yours. It triples your online visibility!

Make sure to do this now, as it takes awhile for listings to be processed and appear online.

Get Tips on How to Sell Online

If you sell items or services from your website, there are some things you can do to increase sales.

- Make sure it's clear what you're selling.
- Offer a product or service that is different than your competition.
- If one way of selling isn't working for you, try something else. You might hit on a successful idea.

For more, read our blog post, "[16 Ways to Boost Sales From Your Website](#)".

Create a new mailing list

Mailing lists are a great way to group people into categories so you can send them all the same email at the same time.

You can create as many mailing lists as you want.

*Mailing list name: @poufpuzzle.com

*Add members: Type in all the email addresses that you want to be a part of this list. Separate each entry by commas or by pressing Enter.

Or, you can select addresses from your mailbox list.
